

# 800 LTR FLAT WALL PALLET BIN

Product Code

**QP780**

**Simple, clean and designed for maximum versatility**

The QP780 flat wall pallet bin is excellent for use in food production applications such as aquaculture and pet food. Very easy to clean and can be easily handled with forklifts, pallet jacks, walkie stackers, etc.

Can be stacked 2 high when full, with or without a lid.

Drop it, hit it, push it, pull it, stack it, fill it, empty it, DO WHAT YOU LIKE TO IT!

- The all-poly construction makes the bins lightweight
- Smooth internal surfaces for easy cleaning
- Manufactured from industrial UV stabilised polymer for added longevity
- Optional serial numbering to assist in tracking batches

## BENEFITS

### Large Plastic Storage & Pallet Bins

Orion produce large tubs built for a wide variety of commercial, agricultural and industrial applications, where usability and durability are key.

They are constructed of a heavy-duty industrial-grade polymer (plastic) which, most importantly, is easy to clean!

These large storage tubs are available in a wide range of colours, allowing you to colour code your storage bins and keep things organised. Options available for the bins include drainage outlets and rotator plates to let the bin turn in place.

### Want a long-lasting plastic bin that won't let you down?

If you are using plastic bins for storage, you want to know they will take anything you throw at them. The Procon industrial-grade pallet bins have stood the test of time for well over a decade.

## SPECIFICATIONS

Code	<b>QP780</b>
Length	<b>1190mm</b>
Width	<b>1190mm</b>
Height	<b>780mm</b>
Capacity	<b>800 Ltr</b>

Our plastic storage bins have proven their sturdiness and durability in highly demanding environments, time and time again. It is because of this strong track record that they are trusted by leading Australian food manufacturers nationwide.
